Advice:

Website: www.ymbt.org.au

The runway is under construction.

Fencing is incomplete so **high probability of kangaroos, deer or cattle on Airport.**

Suggest flying to Albury or Porepunkah.

Runway inspection vehicles (monitoring CTAF) might be present on RWY or East RWS service track.

All of the North RWY and RWS extension closed (marked with 3 white crosses).

RWY South of Hangar Taxiway closed (marked with 2 white crosses).

All RWS and main Apron area closed to all vehicle traffic, MBAMA maintenance vehicles excepted.

ELEV 1100

RWY 14/32

Gravel
No RWY or RWS markings
Use Hard Surface Only
RWS very soft and unserviceable
Non-frangible orange fence at North end of usable RWY
Right hand CCT when operating RWY 32
Preferred Landing Direction RWY 14

RWY 14

TKOF not recommended due steep terrain, upslope and possible downdrafts
Landing distance approx 790m

RWY 32

TKOF distance approx 790m
Landing touchdown 130m beyond hangar taxiway to maintain clearance
above pondage embankment and roadway
Landing distance approx 660m

Limited Parking

All fixed wing and helicopters:
Grass area West of RWY, South of large shed, North of terminal building cluster
Use the gravel ramp to access from RWY

Falls Creek Coach Service

<https://www.fallsbus.com.au/> t: 1300 781 221
Albury Airport - MBT - Falls Creek. Multiple return services daily
